Overall

**James Hetfield**

Good candidate. I enjoyed her energy, and she's solved some of the same problems we've had. However, she doesn't have a lot of hands-on management - mostly remote.

**Nadine Gleason**

I agree with James, but I think she'll hit the ground running. She has moxie, and she's solved some impressive challenges.

**Maynard Keenan**

I think she's a great candidate. Great energy, very articulate, and some excellent experience in our industry.
